

# Take Your Life Back!

**The Future of Nutrition has Arrived**  
*Prosper in the "Side Gig" Economy*  
**Build Wealth from Your Kitchen Table**  
*Create a Debt-Free Lifestyle*

# ***Become a Healthy Lifestyle Warrior***

## *A Personal Invitation for You...*

Are you concerned about the health of yourself and our planet? Have you ever wished for more time, more energy, or more wealth? Have you ever wondered if the path you are currently on will lead you to where you ultimately would like to end up? If you've ever pondered any of those questions, please accept this letter as your personal invitation.

It's an invitation to become a healthy lifestyle warrior – and explore a new vision for how we live and work. It's your chance to re-write the rules about life balance and live every day as an adventure.

Xelliss is the world's premier algae-based nutrition company, built around the philosophy of making the future of wellness available today and providing lucrative financial and lifestyle rewards to the people who spread the message to their world. At the intersection of nature and biotechnology, we're developing some of the most potent health and wellness formulas on planet earth.

Now we're launching in the United States and looking for smart, ambitious, and entrepreneurial people who want to create a better future for all. If that sounds like you, I encourage you to read the information that follows and see how a part-time side business just might open you up to a full-time dream life.

*Eric Masson*

**Xelliss.**

# The Future of Nutrition Has Arrived!

**Sometimes our greatest achievements are born from the seeds of our greatest adversities. And such is the case of the biotech firm that evolved into Xelliss. The birth of the company can be traced back to the chilling accident back in 1986 at the Chernobyl power plant in the former Soviet Union...**

After the reactor accident, many children who suffered from radiation-related illnesses were treated with products developed from algae. Intrigued by this knowledge, entrepreneur Eric Masson began researching algae with his close friend Jean-Michel Larré. Algae (and its vital active principles chlorophyll, spirulina, and phycocyanin) offers some of the most potent nutritional properties in all of nature.

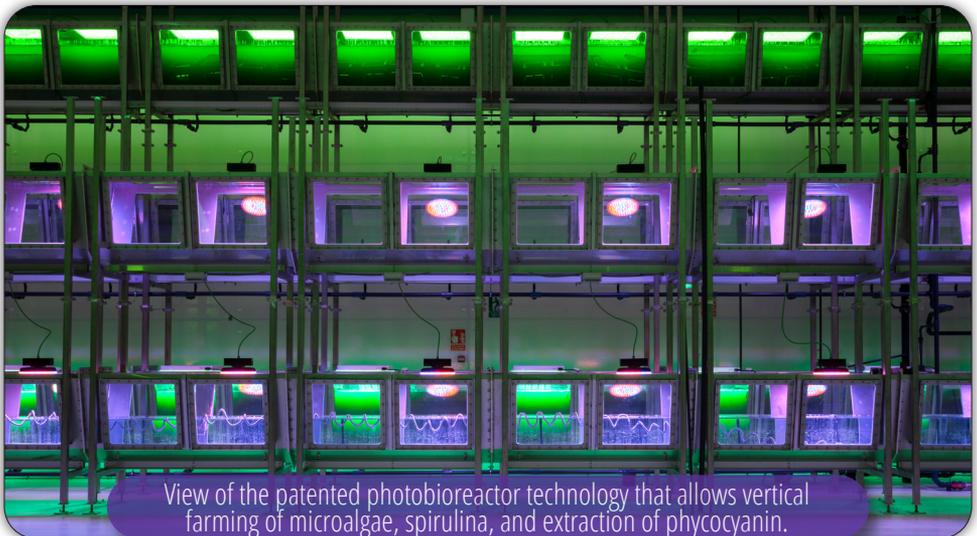

A certain species of algae has been consumed by coastal cultures for centuries because of its ability to support the immune system. Chlorophyll in algae helps neutralize pollutants, and to clean and oxygenate your blood. Spirulina is often used to feed malnourished children because it contains all the micronutrients necessary for the body. And phycocyanin from spirulina, is revered by elite athletes and may just be the most potent superfood in the world.

Because of this knowledge, in 2014 Eric and Jean-Michel formed a company to research how algae, virtual farming, and biotechnology could be utilized to create safe, healthy, and natural products.

Operations whiz Jimmy Wan was brought in to handle logistics and charged with building out the infrastructure to expand that vision around the world. Xelliss pioneered using patented photobioreactor technology for vertical farming of algae. Now the company is recognized as the world's premier algae-based nutrition company. In 2019, Xelliss began the process of expansion into the United States. Now that pivotal next step of the journey has begun.

***And you have the chance to be a part of this movement bringing wellness to the world...***

You have an opportunity many around the planet envy. You can experience all of the upside of being in at the beginning of opening the most important market in the world, but without the normal risks and downsides of a unproven company. You have the opportunity to experience the amazing Xelliss products for yourself, and if you desire, build a second income with the business opportunity.

View of the patented photobioreactor technology that allows vertical farming of microalgae, spirulina, and extraction of phycocyanin.

# Take a Daily Commute – to Your

## The Perfect “Side Gig” Business...

Imagine living in your dream home, spending quality time with the people who mean the most to you and experiencing your dream lifestyle.

Then imagine all this happening while you’re doing work with meaning and building your wealth as you help others reach their dreams as well. This doesn’t have to be a dream. It can become a reality when you build a home-based business with Xelliss.

With dedication and hard work, you can build a lucrative Xelliss business from your spare bedroom or kitchen table. You’ll choose the hours you work, and the people you work with. (Perfect to work around school, family activities, and other responsibilities.)

You get great tax advantages and also have the opportunity for travel to fun and exciting destinations. It’s the perfect side gig business, one that offers a career opportunity if you

desire. Best of all, everything is based on the breakthrough Xelliss products, bringing optimal health to those you care about.

You’ll love building your business because you’ll be helping others build success also. Because Xelliss provides complete training and a step-by-step system to follow, you’ll be in the empowerment business. Imagine your joy as you watch the people you care about unfold into greater prosperity and increased wellness.

With a majority of the population faced with money and health challenges, your Xelliss business is poised for long-term growth opportunities.

There are eight ways for you to earn, and an ever-expanding market to provide your financial freedom. You have the rewards and independence of being your own boss – yet still enjoy the training, resources, and support of a major corporate support structure behind you.

“If you want to transform your life – experience the best health you’ve ever had, get the money thing out of the way, and even help others achieve goals like these – we want you on our team!”

Ann & David Feinstein  
New Jersey

---

# **Spare Bedroom or Kitchen!**

---

Imagine that your “commute” each day is from your breakfast table to your spare bedroom, which you’ve converted into a comfortable office.

No more traffic jams, expensive gas bills, and wear and tear on your car. No more fighting for space on the bus, train, or subway.

You check your emails from your team members around the world, updating you on the growth of

your organization overnight. You send your kids to school, and you’re there when they arrive home. You participate fully in all of their soccer matches, piano recitals, and little league games. You spend quality time with them in the evenings.

You and your spouse work together from home, building a bond that lasts a lifetime. That’s what building a Xelliss home-based business is all about!

---

This illustration is only for educational purposes and is not intended to serve as a guarantee of income. Success in this business requires hard work, dedication and good sales skills. The average participant (“Distributor”) in this business earns between \$500 and \$2,000 per year. Some earn less while some earn much more.

## Sculpt a Lean Physique... MicroBiome X3

If you want to increase lean mass, lose weight, and get rid of belly fat, you need a healthy gut. Recent research suggests that intestinal microbes play a critical role in metabolism, immunity, and other key body functions. And this gut microbiota is vital in maintaining a healthy weight, lean physique, and regulating muscle mass.

Now, the scientists at Xelliss have uncovered the best way to keep your digestive track clean and working at optimal function. Bifidobacteria are bacteria generally found in our digestive tract. Their growth in our gut is beneficial.

Indeed, they have an influence on our immune system, inflammatory mechanisms, the reduction of gastrointestinal symptoms (such as bloating, pain, and slowed transit) and the nutritional intake of our diet. Using molecules that cannot be metabolised

by humans, bifidobacteria produces and provides our bodies with new nutrients. This is the case, for example, of short-chain fatty acids produced through the microbial degradation of starch.

In addition, scientific studies have shown that certain strains of the genera Bifidobacterium and Lactobacillus have anti-obesity effects in different in vivo models.

Now you have the opportunity to shrink your waistline with the development of the state-of-the-art MicroBiome X3 by Xelliss. It's a potent blend of three active ingredients: a patented strain of living bacterium of Bifidobacterium lactis, soluble fiber, and our high grade A3-Nat proprietary strain of spirulina. These three ingredients work in symbiosis and provide support in weight management.

# Nature with the Power of Biotechnology

## A3 Proprietary Spirulina Strain

If you want to live a long, healthy, and energetic life, you're going to want to add spirulina to your daily diet.

Spirulina from microalgae is a powerful immune-enhancing dietary supplement, a plentiful source of nutrients and micronutrients. These include vitamins, minerals, various carotenoids (especially beta-carotene), phytochemicals, and antioxidants.

Spirulina proteins contain almost 50% of the essential amino acids, and it is a superior source of protein than beef. And there is no more potent spirulina on earth than the trademarked and copyrighted A3-Nat proprietary strain from Xelliss. Available in powder and vegan capsules.

## Europa

Imagine combining the robust taste of an Arabica coffee combined with state-of-the-art spirulina. No need to imagine this, we've created that reality with Europa. Prepare Europa with your Nespresso machine as you would any espresso, or open a pod into a re-usable K-cup, and savor its delicious taste and benefits. Coffee lovers unite!

## **PhycoSci AM**

PhycoSci AM is a unique synergy in which the effectiveness of phycocyanin is combined with vitamin C from acerola fruit, with the great taste of lime. Vitamin C helps protect cells from oxidative stress and reduces fatigue. This formula is recommended for people who want to kickstart their day with a natural source of antioxidants, protect themselves from the harmful effects of oxidative stress, all while supporting their immune system.

## **PhycoSci PM**

Wind down your day with PhycoSci PM, a formula with the delicious taste of mango, ginger, and cinnamon, and rich in phycocyanin. PhycoSci PM is recommended for people who wish to provide their body with a natural source of antioxidants, protect themselves from the harmful effects of oxidative stress, while supporting their immunity with a dietary supplement with the exotic flavor of mango. It also contains reishi mushroom. In Chinese medicine, reishi is a precious Qi tonic, the vital energy that supports the whole body.

## **PhycoSci Sport**

If you compete in endurance events, athletic competition, or any endeavor requiring stamina – you’re going to love PhycoSci Sport, the phycocyanin formula created especially for active people like you. It includes Vitamin B9, which is necessary for synthesis of nucleic acids, essential for survival and replication of organisms.

B9 is particularly useful during intense physical activity and must be supplied in sufficient quantities due to the need for accelerated cell renewal. PhycoSci Sport contains arginine, one of the 20 essential amino acids that make up our proteins. This formula is highly recommended for peak performers whose bodies are subjected to training, competitions, and stress. It’s a powerful aid for improved performance, increased endurance, and rapid recovery.

**NO DOPING:** The dietary supplements A3 Powder, PhycoSci AM, PhycoSci Sport and PhycoSci Xtreme! are recognized by the independent Sport Protect certification, which guarantees athletes a formidable workout aid, without the risk of inadvertent doping.

## PhycoSci XTREME!

Another unique formula created for athletes and peak performers, PhycoSci XTREME! Is made for people on the go.

It's phycocyanin packed in individual nutrient-packed sachets, making it convenient to take them anywhere. This creates a unique, innovative 100% natural blend with a high phycocyanin content for an incomparable

mental and physical energy boost.

**One sachet provides you with 75 mg of free native phycocyanin.**

Throw them in your gym bag, take to yoga class, or even bring along on your marathons and triathlons. This formula is designed for those moments when you need XTREME energy.

If you have a medical condition or are taking medication, consult a healthcare professional before use of any dietary supplement. The statements provided for each dietary supplement have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.

# Share the Gift of Success,

---

**If you are looking for the right corporate partner to build a solid, ongoing income, then Xelliss should be at the top of your list.**

Whether you simply want to earn some extra money for fun, develop a side gig business, or you're interested in developing a significant income – the Xelliss compensation plan offers you the chance to achieve it.

## **Create success by helping others...**

Similar to the magic of compound interest, your Xelliss business allows you to employ the concept of leverage, to grow your income and wealth exponentially. Xelliss has built out the support structure to handle product research & development, customer service, shipping, and all of the logistics. You'll have the support of a multi-million-dollar company, yet still enjoy the freedom of being your own boss.

Once people experience the Xelliss products, they want them every day. You build a strong ongoing income by

developing a stable roster of delighted customers who re-order again and again.

Then you can recruit and train others to repeat this process, creating steady recurring income. You're provided with a personalized website you can share with friends and family to market the Xelliss wellness products. You can also offer our Privileged Customer Program, which allows your customers to sign up for regular orders at special discounts. You receive immediate retail profits, paid weekly.

There are many other earning opportunities in the Xelliss compensation plan. You can receive rewards like Fast Start bonuses, overrides, matching bonuses, free trips to exotic locales, even earning a bonus car. You truly have the opportunity to create your dream lifestyle.

## **Xelliss is an opportunity for all.**

Xelliss offers you the options to live your dreams. Join us as we share the gift of wellness to the world!

---

# Wellness and Prosperity

---

"If you're a top leader, or someone who would like to become one, Xelliss is a once in a generation opportunity. A chance to launch the United States and create a legacy position yet have the security of an established company behind you."

Tim Edwards

Texas

"For those of us that make this a career, there are certain things you look for: product line with tangible results, compensation plan that rewards hard work, strong corporate support team, and brilliant field leaders. That's why we've made Xelliss our home."

Brandy & Nathan Shaver and Whit & Cari Higham

Utah

# Finally... It's Your Turn...

**Have you ever wished for the chance to join exactly the right opportunity at exactly the right time? If so, this is your moment.**

The movement toward natural, healthy living is exploding around the world. You have an opportunity to partner with Xelliss and experience the fulfillment, recognition, and financial security that comes from building a large leveraged sales organization.

You'll be one of the pioneers and visionaries bringing Xelliss to the Americas.

Best of all, you can experience all of the upside rewards of getting in at the early stages of a start-up opportunity, but also enjoy the security of an established, 7-year-old proven entity. You'll get the benefit of a powerful support infrastructure, to help you achieve your goals and dreams.

This includes:

**A compensation plan designed to produce depth and duplication;**

Powerful online and live events, providing you with the most powerful business-building training;

**A group of experienced field leaders, helping you achieve quicker results;**

The ability to build from your laptop, tablet or smartphone, and,

**The opportunity to open new markets, expand around the world, and create a business the sun never sets on!**

---

# Lock in a Legacy Position

---

**Every company that transformed from a fledgling start-up venture into exponential growth and becoming iconic has a special window of opportunity.**

The time when “legacy” positions – those distributorships that throw off large monthly bonus checks for life – are created. You have a chance to enter Xelliss at this intoxicating stage.

Xelliss provides you a unique convergence of factors which have come together right now, to create the “perfect storm” of opportunity for the visionary leaders who recognize this moment.

These include:

- A scientific breakthrough product line, which has created an entirely new multi-billion-dollar product category;
- Powerful distributor training, marketing materials, and support structure;
- Your chance to be mentored by a star-studded roster of multi-million-dollar producers;
- Joining early in the process of international expansion;
- An experienced corporate “dream team” providing support; and,
- The chance to open your area, own the market, and create a legacy distributorship for your loved ones.

*Now is the time to act, as Xelliss launches around the globe. This is your chance to really live your dreams. If you have any questions remaining, connect with the person who gave you this brochure and get the information you need to make a decision now!*

## Xelliss Income Disclaimer

The Xelliss Compensation Plan is an exciting opportunity that rewards you for selling our proprietary products and services and for sponsoring other participants ("Distributors") who do the same. Although the opportunity is unlimited, individual results will vary depending on market conditions, commitment levels and sales skills of each Distributor.

Since Xelliss has recently launched, it lacks enough statistical data to prepare reliable and accurate income disclosures. The numbers below reflect estimates prepared by the company pending a more detailed survey to be conducted after its first year. Based on industry standards and company projections, the average annual gross revenue for Distributors is projected to be anywhere between \$500 and \$2,000. These numbers do not reflect the expenses associated with building a Xelliss business, which could exceed the commissions received.

There will certainly be Distributors who will earn less while others will earn much more. We're excited about the Xelliss Compensation Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Compensation Plan. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with Xelliss results only from hard work, dedication, and leadership.
